

BEEHIVE VINYL PRODUCTS

Beehive Vinyl Products has been fabricating an extensive range of custom made canvas, vinyl, shadecloth & other industrial textile fabrics products for over 30 years. Located in Townsville QLD since 1978, our products & services cover a range of industries from Heavy industry, Transport, Agricultural, Mining, Local Infrastructure, Promotional, Defence to many other Specialised Industrial Applications as well as consumers.

All manufacturing is done in house by our highly trained staff to the highest of standards and quality. The materials we use are always of the high quality that will withstand the harsh Australian environment. The various materials used to manufacture your product will have a range of features and benefits, these will vary between easy care, waterproofing, blockout, flame retardant, UV resistant, and mould resistant and warranties.

Our modern workshop, with a floor area of approx. 3200 square metres, is located on 8250 square metres of land enabling us to manufacture products ranging from small toolbags up to large stockpile covers & allow safe & secure storage of customer's plant, machinery, equipment & vehicles.

TRANSPORT - TRUCK CURTAINS AND COVERS

Using materials specified especially for the transport industry, we can manufacture and repair side curtains, retractable load covers, roll over tarps, full canopies, clear vinyl refrigeration curtains, bitumen covers, canvas truck tarps and others.

Our tarps and covers are manufactured using high quality materials designed to last. We also have a range of fittings for covers and tarps.

Our large parcel of land enables easy access for 40 foot trailers to be dropped off and left for removal, repairing or fitting of curtains or covers.

- ⇒ Taughtliner curtains
- ⇒ Asphalt tarps
- ⇒ Roll over tarps
- ⇒ Side curtains
- ⇒ Canopies
- ⇒ Trailer covers
- ⇒ Road train sign covers
- ⇒ Retractable covers

HEAVY DUTY STOCK TARPS (LANDMARK & CANVACON)

LANDMARK WHITE TARPS

Synthesis Landmark is an advanced polypropylene fabric designed for heavy duty industrial and agricultural tarpaulins, covers, liners and membranes.

Landmark is lighter and easier to handle than other similar strength PVC coated fabrics, it provides excellent lay flat characteristics, outstanding weather resistance and superior resistance to flex cracking. Its excellent dirt repellent properties means it retains its appearance far longer than PVC, it is chlorine free, 100% recyclable and UV stabilised.

- ⇒ Three different sizes available
- ⇒ Edges are hemmed and stitched using UV resistant thread
- ⇒ Stainless steel eyelets evenly spaced around the tarp (approx .5mt)
- ⇒ 3 year material warranty

SIZES AVAILABLE

6 mtrs x 6 mtrs - \$400 inc gst
6 mtrs x 4 mtrs - \$285 inc gst
4 mtrs x 3 mtrs - \$160 inc gst

CANVACON PE TARPS

Manufactured using Canvacon 7000, which is a high quality Polyethylene fabric designed for medium to heavy duty industrial and agricultural tarpaulins, covers, liners and membranes, offering superior strength / weight ratio, abrasion and tear resistance over comparable polyfabrics.

Canvacon 7000 is manufactured in Australia from a premium grade UV-stabilised Polyethylene ensuring the highest coating adhesion of any polyfabric and is resistant to most acids and alkalis and some solvents, however, sulphur and halogens may attack the UV stabilisers.

- ⇒ Three different sizes available
- ⇒ Edges are hemmed and stitched using UV resistant thread
- ⇒ Stainless steel eyelets evenly spaced around the tarp (approx .5mtr)
- ⇒ 3 year material warranty

SIZES AVAILABLE

6 mtrs x 6 mtrs - \$430 inc gst
6 mtrs x 4 mtrs - \$295 inc gst
4 mtrs x 3 mtrs - \$190 inc gst
